Summer Updates - 2013

Thank you to all discharge planners, service coordinators, and case managers for making referrals! Please keep the referrals coming! To date, the project has transitioned 207 persons from facilities to community settings. Download the GHP referral form at www.cds.hawaii.edu/goinghome. For any questions about eligibility, call Madi at 692.8166.

The purpose of this newsletter is to highlight the progress of the Hawaii Going Home Plus (GHP) project from 2008-2012. The goal of the project is to discharge eligible individuals from institutions and transition them into community settings with appropriate services.

Review of GHP Eligibility Criteria:
- 90 or more continuous days in a hospital, nursing facility, or ICF-ID
- Nursing Facility Level of Care
- Medicaid recipient

Community-Based Housing Options:
- Own Home or Apartment
- Public or Subsidized Housing
- Foster Home
- Assisted Living

Number of GHP Participants Per Year

TOTAL from December 2008 to December 2012- 207 GHP Participants
(49% Ohana Members, 51% UHC Members)

Feedback from our GHP participants:
- 65% of GHP participants surveyed were very satisfied with the GHP’s help in returning to the community
- 83% of GHP participants surveyed said that their preferences were honored during the transition planning process.
Final Outcomes of GHP Participants

This chart describes the final outcomes of GHP participants by year of admission.

- The blue bar represents those who completed the 365-day demonstration period in the community or are active in the program as of December 2012.
- Re-institutionalized refers to GHP participants who returned to the facility permanently and those who were still receiving treatment in the institution as of December 2012.
- After the first 365 days in GHP, home and community-based services will continue under the QExA health plans for as long as the individual needs services.

Key:
- DD/ID - Developmental or Intellectual Disability
- Elderly - refers to persons 65+

Final Outcomes and Status of GHP Participants by Year of Admission
(Status as of December 2012)

- % of Admits Who are Active or Completed 365 Days
- % Reinstitutionalized
