AUCD
Simple Goals in this time of Transition

1. Strengthen the CORE faculty and staff of the CDS
2. Give faculty new ways to be productive and contribute in meaningful ways to the bottomline
3. Look for new and better ways to collaborate and serve our communities within the college and across the state, and internationally
4. Place the CDS front and center as a model program for diversity in the AUCD network
Core Faculty and Administration

• Please officially welcome Jeri Gardner-Mestanza as the new CDS HR Officer, replacing the retiring Colleen Souza.

• Acknowledge the good work of our administrative staff that has worked hard to be efficient with less.

• Acknowledge the contributions of CORE staff to the CDS.
CDS CORE Marketing Teams

- Entrepreneurship
- Sustain projects by promoting and marketing products and services
- Develop a diverse funding portfolio
The Teams

• Technical Assistance (Crockett)
• Evaluation: Proposals to Judiciary, DOE, AUW, Hawaii Housing since January (Leake/Bowditch)
• International (Takahashi/Park)
• STEM D² (Diversity x Disability) (Abhari)
• Emergency Preparedness (Ozaki)

COMMUNITY BUILDING ACTIVITY

Memory Lane
Memory Lane

To share your memory and find the oldest penny in the room.

• You and the others are about to revisit the past and take a trip down “Memory Lane.”
1. Get a penny.

2. Look at the year on the penny.

Take a minute to think about what you were doing when that penny was minted. (e.g., Were you in school? Where did you live? What was the music of the day?) If you were not yet born or prefer not to discuss your life during the year selected, think of what your family experienced or a historical event that took place.
3. When the music turns on, walk around the room. When it stops, find a partner, and take 3 minutes to tell each other about your moments in time.

For example:

If Mike has a penny minted in the year 2009, he can say “I graduated from UH with a Bachelor’s in Zoology.” Then his partner, Lin will share her coin and year “1982” and can say “I moved to the Bahamas that year and got married!”
4. When you and your partner have shared your memories, toss the coin (or play jan-ken-pon) to try to get the older coin of the two. Choose who will toss the coin and who will call heads or tails. If the person who calls heads or tails is correct, the person will get the older coin. If the person is wrong, the partner will get the older coin.

5. Music will start again. Meet others and share your memory while you try to get the oldest coin.
