

DRIVING FORCES BEHIND SUCCESSFUL POSTSECONDARY EDUCATION AND EMPLOYMENT FOR YOUNG ADULTS WITH INTELLECTUAL DISABILITIES AND AUTISM

WINNING THE RACE

- **The Driver**
- **Pit crew**
- **Plan for Your Race**
- **Crossing of the Finish Line**

Self Determination is the **Driver** to improve adult outcomes for individuals with ID and autism.

Multiple agencies must work like the **Pit crew** for coordinating access & support services.

Plan for Your Race by anticipating and using strategies to successfully complete the course.

Cross the Finish Line. Developing a career direction and getting a job is the ultimate outcome of the race!

This working conference uses Self-determination as a framework for agencies to work together in the planning and provision of services, supports, and accommodations in supporting students with intellectual disabilities (ID) and autism in postsecondary education.
